

Selling

Mobile Broadband Starter Kit.

A Mobile Broadband Starter Kit is the best way to get broadband on the move or even replace your home connection. There's no need for a landline and no contract to sign, and with speeds of up to 2.8Mbps it's perfect for surfing the internet and emailing at home or on your laptop out and about.

Each Starter Kit comes loaded with data, which means you can get started straight away - there's no need to Top-up first, making it an ideal gift.

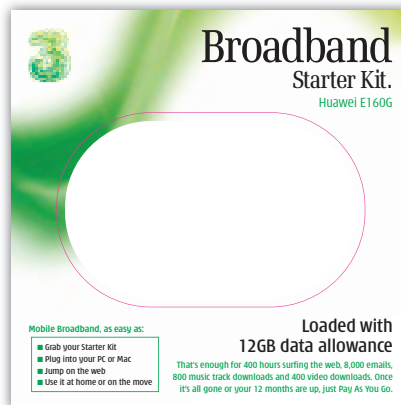

USB Stick Huawei E160G (white)

- Auto-installs on Windows or Mac operating systems
- Modem supporting Windows 2000, XP, Vista & MAC OS X
- Plug & play - get online in minutes
- Broadband speeds of up to 2.8Mbps
- MicroSD memory card slot

3GB data allowance gets you

100 hours web surfing
 + 2,000 HTML/Outlook emails
 + 200 downloaded music tracks
 + 100 downloaded videos
 which you can spread over 3 months

12GB data allowance gets you

400 hours web surfing
 + 8,000 HTML/Outlook emails
 + 800 downloaded music tracks
 + 400 downloaded videos
 which you can spread over 12 months

24GB data allowance gets you

800 hours web surfing
 + 16,000 HTML/Outlook emails
 + 1,600 downloaded music tracks
 + 800 downloaded videos
 which you can spread over 24 months

Once it runs out...

Once your data or time allowance is up, all you need to do is Top-up again - then carry on using Mobile Broadband.

MBB Add-ons (all pricing shown includes VAT)				
Add-on	Cost <small>(price per 30 days)</small>	Data allowance	Expiry date	Out of bundle charge

Broadband Max	£25	7GB	30 days	£1 per MB

Frequently asked questions.

Q: Where can I use my 3 USB Modem?

A: 3 have 90% UK population coverage for HSDPA or Turbo Network.

Q: Can I return my USB Modem if I am not satisfied?

A: Yes, simply bring it back (with your receipt and all the packaging) within 3 days of purchase. If you've purchased it at a distance (via telesales or online), you can return your 3 USB Modem within 14 days of receipt, provided you have not used your 3 USB Modem for more than 3 consecutive days. You'll also have to return the original boxed accessories and documentation "as new."

Q: Can I use my Modem abroad?

A: Yes, you can, if you've activated your Modem before you go abroad. If you roam onto a '3 Like Home' network, you will be charged as you are in the UK and can use up inclusive allowances. When roaming outside of '3 Like Home' networks where 3 have roaming agreements, you will be charged for data at that country's data roaming rate, which can be checked on three.co.uk

Q: How long will it take me to set up my USB Modem?

A: On average the customer experience is approx. 5 mins.

Q: What if I go over my allowance?

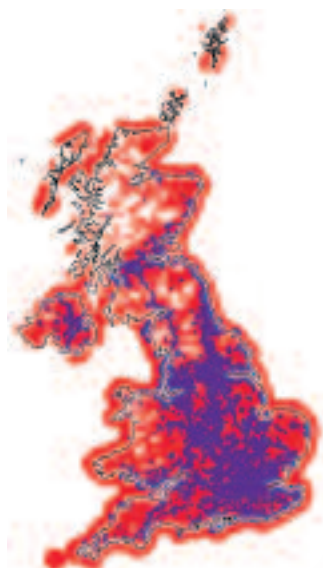

A: You will be charged at £1.00 per MB on Pay As You Go.

Q: Can I check my usage?

A: Yes, usage can be checked as often as you like on My3, simply log in at my3.three.co.uk

Q: What happens if my Modem is faulty?

A: Contact 3 on 08707 330 320 for technical support, or 08707 330 333 for customer services, or visit three.co.uk/usbhelp for diagnostic tips.

Britain's best Mobile Broadband coverage.

**Mobile Broadband percentage
coverage of UK population:**

3	90%
